SHARON STONE

Sultry Sharon had nothing to hide in her famous leg-crossing scene in "Basic Instinct." Now at 49, the 5-foot-8, 121-pound actress is still an eye-catcher, but she may want to forego cellulite-showing bikinis.

DREW BARRYMORE

As she gets set to take the plunge in Hawaii, Drew reveals more than her tattoos – her thigh-high cellulite. Nevertheless, the 32-year-old “Charlie’s Angels” star, who’s 5-foot-4 and 123 pounds, is still a heavenly sight.

BETH DITTO

Openly gay rock queen Beth, 25, is a lot of woman at 210 pounds. The lead vocalist for the band The Gossip proudly flaunts her plus-size figure – cellulite and all.

EVA LONGORIA

Just-married “Desperate Housewives” beauty Eva, 32, is still basking in honeymoon heaven with basketball star Tony Parker. She boasts a curvy 5-foot-2, 100-pound figure, but even this hottie hasn’t avoided cellulite on her tush.
